

**AWF MADISON GROUP LIMITED**  
**("Company")**

**DISCLOSURE DOCUMENT RELATING TO THE GIVING OF FINANCIAL ASSISTANCE AND  
THE ACQUISITION OF SHARES IN CONNECTION WITH THE COMPANY'S RESTRICTED  
SHARE SCHEME**

*(Section 61(5) and 78(5) of the Companies Act 1993)*

**TO: ALL SHAREHOLDERS**

**INTRODUCTION**

This document is provided to all shareholders in accordance with the requirements of section 61(5) and 78(5) of the Companies Act 1993. It sets out details of the intention of the Company to give financial assistance in connection with the AWF Madison Group 2018 Restricted Share Scheme ("**2018 Scheme**") and the intention of the Company to acquire shares issued under the:

- (a) AWF Madison Group 2018 Restricted Share Scheme ("**2018 Scheme**"); and/or
  - (b) AWF Madison Group 2016 Restricted Share Scheme ("**2016 Scheme**"); and/or
  - (c) AWF Group 2014 Restricted Share Scheme ("**2014 Scheme**");
- (together, the "**Schemes**").

***This document is provided to you for your information. You are not required to take any action in relation to it.***

**THE SCHEMES**

The Schemes were established with the intention of incentivising and encouraging senior management to commit, to excel and to remain with the AWF Madison Group.

Under the Schemes, participants are entitled to receive restricted shares in the Company ("**Restricted Shares**"). The Company provides participants in the Schemes with an interest free loan to fund the subscription price for their Restricted Shares. Such loans are considered financial assistance for the purposes of the Companies Act 1993.

Such loans are to be secured by a mortgage in favour of the Company over the Restricted Shares issued to the relevant participant.

The loan must be repaid in full before the participant's Restricted Shares are reclassified as ordinary shares in the Company.

A participant in the Schemes cannot sell or otherwise dispose of his or her Restricted Shares unless such shares are reclassified as ordinary shares in the Company and all amounts outstanding under the participant's loan are repaid in full.

It is a condition of each of the Schemes that, in order for a holder's Restricted Shares to be reclassified as ordinary shares, the holder has to remain in continuous employment with the Company until a specified date (the "**Qualification Date**"). If this condition is not satisfied the Company has an option to redeem the Restricted Shares issued to the relevant participant for a redemption price equal to the issue price of those shares. The Company also has an option to redeem a participant's Restricted Shares for the same redemption price where this condition is satisfied but the relevant participant has not repaid his or her loan within a prescribed time period. The proceeds from any redemption must be applied in repayment in full of the relevant participant's loan.

## FINANCIAL ASSISTANCE

Restricted Shares may be issued under the 2018 Scheme in the next 12 months.

Accordingly, the Company is likely to provide financial assistance within the next 12 months to participants in the 2018 Scheme in the form of interest free loans equal to the aggregate subscription price of the Restricted Shares to be issued to the relevant participant.

At this time, the Company is unable to determine the precise amount of any additional loans to be made within the next 12 months as it is dependent upon, among other things, the level of participation by eligible employees, the number of Restricted Shares to be issued, and the price at which the Restricted Shares are issued. However, the total amount of the loans will not exceed \$700,000.

## ACQUISITION OF RESTRICTED SHARES

Inevitably, over the next 12 months some participants of the Schemes will cease to be employees within the Group before the Qualification Date for Restricted Shares held by them and in such circumstances the Company may wish to exercise its option to acquire Restricted Shares held by such participants.

The Company may elect to acquire such Restricted Shares by redeeming them or by buying them back. Each method of acquiring shares has the same effect.

The consideration for the Restricted Shares subject to any acquisition will be equal to the issue price of the Restricted Shares in question. The proceeds from the acquisition of any Restricted Shares will be applied by the Company in repayment in full of the loans made to the relevant participants of the Schemes in respect of the Restricted Shares acquired.

Any Restricted Shares acquired will be cancelled immediately upon acquisition.

At this time, the Company is unable to determine the precise number of Restricted Shares that may be acquired within the next 12 months as it is dependent on which (if any) participants of the Schemes cease to be employees within the Group before the Qualification Date for Restricted Shares held by them and the number of Restricted Shares held by any such participants. However, the maximum number of Restricted Shares that could be acquired is the number of Restricted Shares on issue at the date of this disclosure document together with the number of Restricted Shares that may be issued over the next 12 months. For information purposes, the number of Restricted Shares on Issue as at the date of this disclosure document and the price that would be paid by the Company for such Restricted Shares if they were acquired is set out in the table below. If any new Restricted Shares are issued by the Company, a notice of their issue would be made available from NZX Limited's website [www.nzx.com](http://www.nzx.com) under stock code AWF. It is highly unlikely that the maximum number of Restricted Shares that could be acquired by the Company would be acquired by the Company in the next 12 months.
